Dear Sir:-

I have recently finished a 3½ year project, based on Planetary influence on human behavior.

Because of this experience, I have reason to believe the Communists will make a major move, most likely in Korea, on July 2, 1952.

If the above information should be of interest to you, I would welcome an opportunity to discuss it more in detail, with a representative of your Dept., and shall

evidence of the successful  
application of the method  
involved

very truly Yours
